HOP HOP HOP!

Bunny Bash

This past Sunday, the Junior Class hosted their annual Bunny Bash fundraiser in the school cafeteria from 11:30-1:30. With a well decorated cafeteria, a committed class office, and a lack of last year's snow, the fundraiser was a huge success! The Class of 2027 successfully facilitated a morning of season-themed fun, raising nearly \$900. There were over 100 children, with a charge of \$10 a child. With fun stations such as face painting, coloring, eat the peeps, Rabbit Ring Toss, the kids that came for the two hour stretch had an awesome time. The dapper-looking bunny (Ty Giangregorio for the first half, and Evan Murphy for the second) did an excellent job.

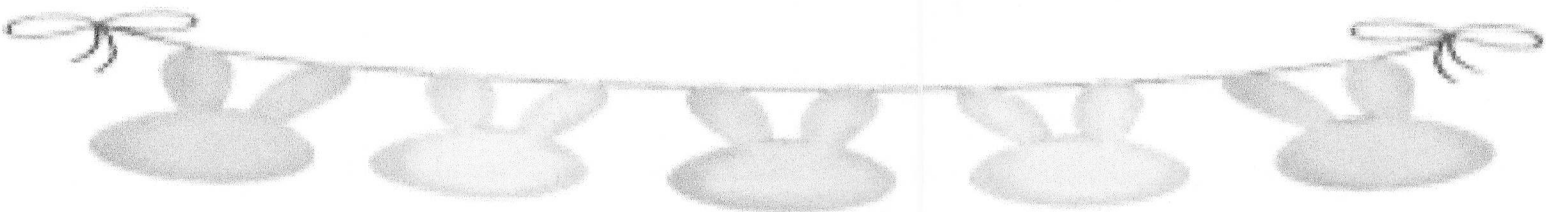

There were two egg hunts at different times with candy filled eggs scattered at the side of the school near the shop. There was also a raffle for two giant eggs filled with toys and candy. If people wanted something salty, there was also a snack table and even coffee for the adults.

The fundraiser, chaired by Ava Harlow and VP Jamie Hawkins, was another awesome step in the right direction for a busy Junior class.

Among the other juniors helping out were Ryan Houlihan, Julian Sherwood, Charles Patch, Sam Travares, Eliza Froncki, Sophia Le, Lexi Desmond, Leo Fonseca, Addi Cooper, Mya Colon, Ana Gordon, Faith Mainville, Ava Paulino, Gemma Peacock, and Hope Shanahan, Ava Tuneburg, and Celia Tavares.

UNITING THE NATIONS

Model United Nations

Exactly one week ago, the Amesbury Model U.N. club traveled to Pingree High School for their second conference of the year. It was Pingree's first time hosting the event, and due to the novelty of the event, Amesbury High was the only other school that participated. In attendance for Amesbury was their advisor, Mr. Foley, as well as freshmen, Robbie Webster, and sophomores; Olivia McKay, Shelby Massey, Lily Clark, Liv Jusfredo, Tori Woodsom, Lucy Nachtygal, and Gianna Leblanc. Once Amesbury

arrived, they went to the intro meeting that included a guest speaker. After that, they broke out into three committees. The first committee was a beginner UNESCO and their topic was about equality in education. In this committee was Liv Jusfredo, Shelby Massey, and Olivia McKay. The second committee was a beginner ECOSOC and focused on global oil issues. The Amesbury delegates included; Robbie Webster, Lucy Nachtygal, Tori Woodsom, and Gianna Leblanc. The final committee was an intermediate Security Council. In this was Lily

Clark. After the initial ninety-minutes in their groups, the committees stopped for a quick thirty-minute dinner before returning for an hour. After resolutions were made, the students headed back into the auditorium for the closing ceremony and awards. Amesbury brought home two best delegate awards, earned by Liv and Robbie. The conference concluded with a speech. The next event for Model U.N. is on April 11 at Portsmouth High School.

Peep the
space tie!

Reason for Recommending:

This book is a phenomenal story that has so many gripping twists and turns, leaving you on the edge of your seat after every chapter. Andy Weir is spot on with much of the science, and tells a realistic tale of what would happen in a new star system. Not only is it a great book, it is being made into a movie releasing March 20th which I am very excited for as well!

FOTOULA FIGUEIREDO

Senior Profile

Fotoula Miquel Figueirido, otherwise known as Lulu, describes herself as unpredictable. She would change nothing about her high school career, and there are no fellow students she really appreciates. Her favorite class is math. Her favorite thing about high school was learning center, and her most fun activity was gym class. Her favorite year of high school was sophomore year, and her favorite teacher is Mr. Opolski because he's "chill and nice."

Lulu doesn't do any school activities, but outside of school, she plays basketball and enjoys music. Her favorite food is Fedicinni Alfredo, her favorite store is Walmart, and her favorite color is purple. Her most embarrassing moment was falling down the stairs in public.

When it comes time to entertainment, her favorite musical artists are Montel Fish, Lil Peep, and Lil Tuay. No surprise, her favorite song is 'Bathroom' by Montel Fish. When it comes to TV, she enjoys Drake and Josh. She isn't into books, but she'll play a round of Subway

Surfers on her phone or gra on a video game system.

If the AHS Weekly genie gave her three wishes, she'd ask for money, money, and money. Ok, we get the idea. She says the one thing she would change about

best looking person in the world, or any great mystery she'd like to see explained. She would like to be able to teleport to go anywhere. When she was a little kid, Fotoula wanted to be an astronaut.

If you spent much time with Fotoula, you'd hear her say "boy," and "put one and two together" a lot. Her pet peeve is people who chew with their mouth open.

Her favorite quote is "do what you can, with what you have, where you are." In ten years she expects to be in New York, but after high school, she'll get a job or

her life would be to have more money. The best advice she has been given is "take the risk or lose the opportunity."

If Fotoula could meet anyone living or dead, she'd pick Lil Peep because she loves his songs. They are relatable. She doesn't have a hero, any odd habits she's willing to share, someone she thinks is the

maybe go to college.

Her message to her 8-year-old self would be "who cares what people think?". Her message to seniors is, "we did it!"

Have a great rest of your year, Fotoula!!!

PETER BLAKE

Senior Profile

By: Estella Jones

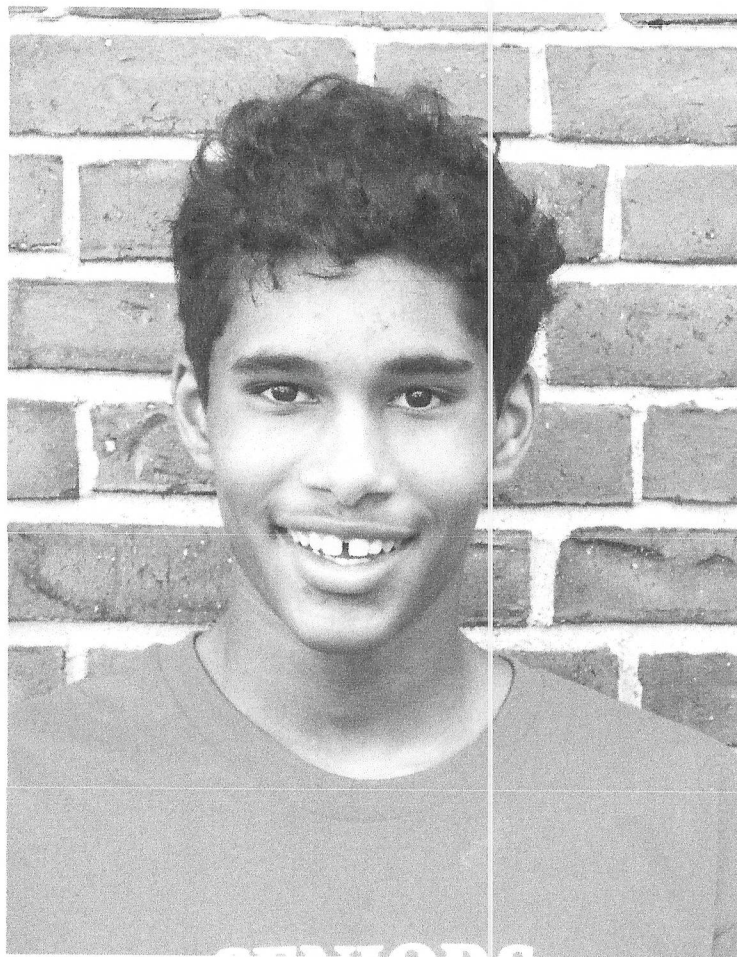

Peter Blake is truly one-of-a-kind. When it comes to his love for storms, he loves those with lightning. The one word peter would use to describe himself would be fun, he doesn't just like to be fun he also likes to have fun!

Of course, Ms. Lynch is Peter's favorite teacher. He absolutely loves history class because he's always eager to learn about everything. Junior year prom was his favorite part of high school because he got to dance with so many people. Walking and running on the track when it's nice out is probably his most memorable moment at school.

Outside of school, Peter enjoys skiing, biking, and playing video games. His favorite video game is *Hello Neighbor*, and his favorite mobile game is *Minecraft*. Back in childhood, *Sorry* was his

favorite game.

Outside of school, Peter Blake has lots of medals and participated in the Special

Olympics for skiing. If the AHS Weekly Genie granted him three wishes, he'd wish to be able to run in the halls at school, ride scooters in school, and find the perfect girlfriend. "*Manchild*" by Sabrina Carpenter is his favorite song, and Sabrina

Carpenter is his favorite artist.

If a movie were made about Peter, he'd love to be played by John Carpenter. If he could meet anyone, alive or dead, he'd want to meet Michael Jackson because he's so fascinated by his music. The biggest mystery Peter wants to see solved is the mystery of lightning.

Peter Blake's biggest pet peeve is when people don't look at him when he's speaking. If he had a superpower, he'd want to fly, and if he could fly, he'd fly to California. When he was younger, he wished he could be a butterfly so he could

go anywhere. Peter's message to his fellow seniors is to "Enjoy the moment."

AHS is proud to have Peter as a student and can't wait to see what he achieves with his talents in the future!
